SN12 −− GO BP enrichment
response to nutrient levels
regulation of protein catabolic process
regulation of response to biotic stimulus
intrinsic apoptotic signaling pathway
regulation of DNA−binding transcription factor activity
regulation of innate immune response
activation of immune response
regulation of proteasomal protein catabolic process
canonical NF−kappaB signal transduction
negative regulation of catabolic process
regulation of apoptotic signaling pathway
nucleocytoplasmic transport
autophagosome assembly
autophagosome maturation
cellular response to nitrogen starvation
