SN23 −− GO BP enrichment
response to nutrient levels
positive regulation of protein modification process
regulation of DNA−binding transcription factor activity
regulation of transferase activity
negative regulation of catabolic process
macroautophagy
regulation of protein kinase activity
regulation of kinase activity
regulation of canonical NF−kappaB signal transduction
intrinsic apoptotic signaling pathway
autophagy of mitochondrion
regulation of ubiquitin−dependent protein catabolic process
tumor necrosis factor−mediated signaling pathway
autophagosome maturation
cellular response to nitrogen starvation
