SN24 −− GO BP enrichment
positive regulation of protein modification process
regulation of transferase activity
protein−RNA complex organization
ribonucleoprotein complex biogenesis
post−transcriptional regulation of gene expression
protein−RNA complex assembly
regulation of protein kinase activity
regulation of kinase activity
nucleocytoplasmic transport
negative regulation of catabolic process
regulation of protein catabolic process
regulation of binding
autophagosome assembly
spliceosomal snRNP assembly
cellular response to nitrogen starvation
