SN34 −− GO BP enrichment
regulation of mitotic cell cycle
chromosome organization
mitotic cell cycle phase transition
chromosome segregation
nuclear chromosome segregation
regulation of chromosome organization
regulation of reproductive process
meiotic cell cycle
sister chromatid segregation
regulation of chromosome segregation
metaphase/anaphase transition of mitotic cell cycle
regulation of meiotic cell cycle
anaphase−promoting complex−dependent catabolic process
protein branched polyubiquitination
protein K11−linked ubiquitination
