SN49 −− GO BP enrichment
proteasome−mediated ubiquitin−dependent protein catabolic process
post−transcriptional regulation of gene expression
regulation of protein catabolic process
response to nutrient levels
negative regulation of catabolic process
positive regulation of catabolic process
regulation of translation
macroautophagy
canonical NF−kappaB signal transduction
regulation of protein stability
mitophagy
miRNA metabolic process
cellular response to nitrogen starvation
miRNA processing
Schwann cell differentiation
