SN54 −− GO BP enrichment
proteasome−mediated ubiquitin−dependent protein catabolic process
regulation of protein catabolic process
positive regulation of catabolic process
regulation of cellular response to stress
negative regulation of catabolic process
regulation of transferase activity
regulation of cell growth
regulation of protein kinase activity
regulation of DNA−binding transcription factor activity
response to starvation
regulation of protein ubiquitination
response to ionizing radiation
mitophagy
cellular response to nitrogen starvation
proteasome assembly
