SN88 −− GO BP enrichment
ribonucleoprotein complex biogenesis
mRNA splicing, via spliceosome
protein−RNA complex assembly
protein−RNA complex organization
regulation of response to biotic stimulus
regulation of innate immune response
negative regulation of catabolic process
regulation of autophagy
response to starvation
mRNA catabolic process
regulation of protein modification by small protein conjugation or removal
autophagy of mitochondrion
autophagosome assembly
autophagosome maturation
cellular response to nitrogen starvation
